

Adopt-a-Book Program

In order to support the Melvin Sabshin, M.D. Library & Archives, the American Psychiatric Association Foundation is proud to announce the launch of an exciting adopt-a-book program to raise funds for the long-term operations and maintenance of the facility, the conservation of artifacts and materials (some of which are hundreds of years old), and the digitization of the collection to greatly increase access to these important historical objects.

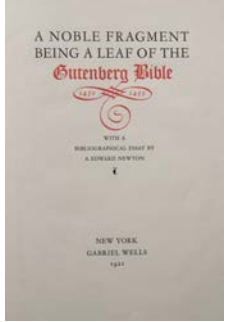

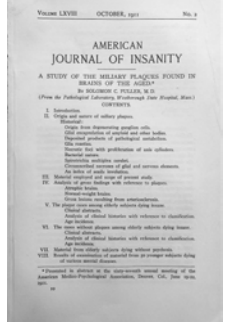

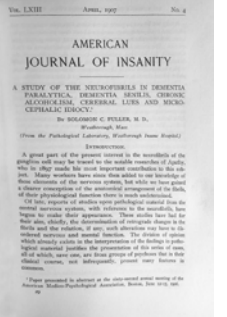

For full details about the adopt-a-book program, please visit www.apafdn.org/library.
